Your Home.

What began years ago as an informal approach to providing child care as a way to support working parents, family child care providers today are making an intentional career choice to offer quality early care and education in their homes.

Your Profession.

NAFCC is dedicated to strengthening the profession of family child care by promoting high quality, professional early care and education and strengthening communities where providers live and work.

Our Commitment.

NAFCC is dedicated to advocating for the family child care profession by collaborating with other local, state, and national organizations who contribute to the family child care field to increase awareness about and improve the quality of family child care.

NAFCC is committed to promoting the diversity of the family child care profession through increasing training and leadership opportunities, by strengthening state and local associations, and developing strong leadership for board positions throughout the early care and education field.

NAFCC is committed to delivering effective programs through strong organizational and ethical management of all NAFCC programs and services.
