

# Creating our Gateway to THRIVE!

### 34th Annual National

# **Family Child Care Conference**

Pre-Conference Starts July 24 Hyatt Regency St. Louis @ the Arch St. Louis, Missouri

### **About NAFCC**

Since 1982, the National Association for Family Child Care (NAFCC) has been supporting Family Child Care (FCC) throughout the country as educators make the intentional choice to offer high quality early care and education in their homes. More children spend time in home-based childcare than any other childcare setting (NSECE, 2016). According to the National Survey of Early Care and Education (NSECE), there are one million paid providers caring for children in a home of the provider, caring for three million children from birth to age five in these settings.

FCC programs are a critical and often invisible component of the child care industry that serves many of the most vulnerable children and families, particularly in rural communities; within communities of color; for low-income families who work non- traditional hours, shift, hourly or "gig" economy jobs; and for infants and toddlers who are least likely to access center-based care.

NAFCC's mission is to support and leverage a nationwide network of providers and partners in expanding and promoting the power of FCC. We are the only national professional association dedicated to promoting high-quality early childhood experiences in the unique environment of FCC programs.
