

April 2, 2020

Dear NAFCC family,

As we continue to track new updates from the CDC, Congress, State governments, and local entities regarding COVID-19 and pending relief, we wanted to let you know that we care for you. We are working around the clock to get relevant, accurate information out to you, that speaks to the unique aspects of the family child care setting.

We realize other agencies are putting information out about the C.A.R.E.S. Act and the potential benefits for our industry. NAFCC is committed to sharing information that is applicable and specific to family child care professionals. Those resources will be available shortly. We want to sure to get it right, because we understand that you can't afford to get it wrong.

The highest priority remains the health and safety of our members, our staff, and our volunteers and advocates. We thank you for your patience as we navigate communications and staffing under the dual pressures of the novel coronavirus and the 5.7 earthquake that recently hit our headquarters. Together, we can weather this storm!

As information becomes clear and attainable, we will share it with you. Our commitment to the field and our members is resolute.

Take care of yourselves and your families.

Sincerely,

Louis A. Finney, Jr.
NAFCC Board President

Lanette M. Dumas
NAFCC Executive Director
